has been "very low," a trader in eastern China said.

Larger mills offered at \$550-570 per tonne FOB China for 3mm SS400-base on Tuesday, down from \$565-595 per tonne FOB last week.

Bookings for HRC exports remained poor since the Lunar New Year holiday, sources from larger mills told Fastmarkets.

**Market chatter**

"The lack of major stimulus measures from Two Sessions and weak demand contributed to the recent decline across the ferrous market. Finished steel prices have fallen to the lowest level since October last year, which may give some offer to prices in the short term," an industry analyst in eastern China said.

**Shanghai Futures Exchange**

The most-traded May HRC futures contract closed at 3,804 yuan per tonne on Tuesday, up by 37 yuan per tonne from Monday's close of 3,767 yuan per tonne.

**Cold-rolled coil news**

**Flat steel import prices to UAE, Saudi Arabia slide further after start of Ramadan**

By Serife Durmus - Tuesday 12 March

Import prices for most flat steel products arriving in the United Arab Emirates and Saudi Arabia continued to fall in the week to Tuesday, March 12, mainly due to limited market activity after the start of the Islamic holy month of Ramadan, sources told Fastmarkets.

The Islamic holy month of Ramadan started on March 11 and trading traditionally slows down in Muslim countries during the month.

**UAE**

Chinese HRC was on offer to the UAE at \$550-580 per tonne CFR, widening downward from \$560-580 per tonne CFR on March 5.

No other new offers were heard, but buyers said prices from Japan would be unchanged from last week's offers at \$610-620 per tonne CFR.

No major deals were heard, however.

Fastmarkets' weekly price assessment for steel HRC, import, cfr Jebel Ali, UAE was \$550-610 per tonne on March 12, down from \$560-620 per tonne on March 5.

The market for hot-dipped galvanized coil imports was very slow during the past seven days and no new prices were heard.

Fastmarkets' weekly price assessment for steel hot-dipped galvanized coil, import, cfr Jebel Ali, UAE was \$780-800 per tonne on March 12, unchanged week on week.

Cold-rolled coil, meanwhile, was on offer to the UAE from China at \$610-620 per tonne CFR, down from the previous \$620-625 per tonne CFR.

And Fastmarkets' weekly price assessment for steel CRC, import, cfr Jebel Ali, UAE was \$610-620 per tonne on Tuesday, down from \$620-625 per tonne on March 5.

**Saudi Arabia**

HRC of 1.2 mm thickness was on offer to Saudi Arabia from China at \$635-655 per tonne CFR, down from \$645-660 per tonne CFR previously, sources said, but no major deals were heard.

Fastmarkets' weekly price assessment for steel HRC, import, cfr Saudi Arabia (1.2 mm thick) was \$635-650 per tonne on March 12, widening down from \$640-650 per tonne on March 5.

**Hot-rolled steel prices**

**Rebar news**

**UAE rebar prices continue to fall, demand slows down with start of Ramadan**

By Serife Durmus - Tuesday 12 March

Prices for steel rebar in the United Arab Emirates (UAE) continued to decrease in the week to Tuesday March 12 due to the start of the Islamic holy month of Ramadan, sources told Fastmarkets.

Ramadan began on Monday and is a time of year when market activity typically slows down in the UAE and neighboring Muslim countries.

**Domestic prices**

Emirates Steel Arkan sold rebar at around 2,490-2,575 dirhams (\$678-701) per tonne ex-works over the past seven days, falling from the previous week's deal prices of 2,585-2,600 dirhams per tonne ex-works.

Rebar from re-rollers was sold at 2,350-2,400 dirhams per tonne ex-works over the past seven days, narrowing downward from 2,350-2,405 dirhams per tonne ex-works the previous week.

Fastmarkets' weekly price assessment for steel reinforcing bar (rebar) domestic, exw UAE was 2,350-2,575 dirhams per tonne on Tuesday, narrowing downward from 2,350-2,600 dirhams per tonne a week earlier.

**Rebar imports**

Oman-origin rebar was booked by UAE buyers at \$647 (2,376 dirhams) per tonne CPT, falling from the previous week's deals at \$648 per tonne CPT.

Fastmarkets' weekly price assessment for steel reinforcing bar (rebar) import, cfr Jebel Ali, UAE, on a theoretical-weight basis, was \$647 per tonne on Tuesday, narrowing from \$645-649 per tonne a week earlier.

**Billet imports**

No new billet import prices were heard to the UAE over the past seven days.

Fastmarkets' weekly price assessment for steel billet import, cfr Jebel Ali, UAE was \$520-540 per tonne on Tuesday, unchanged week on week.

**Deep-sea booking pushes up Turkish scrap import prices by \$5 per tonne**

By Cem Turken - Tuesday 12 March

Turkish deep-sea steel scrap import prices rebounded on Tuesday March 12, despite the bearish sentiment in the country's finished steel market, sources told Fastmarkets.

A steel mill in the Marmara region booked a European cargo, consisting of 12,000 tonnes of HMS 1&2 (80:20) at \$377.50 per tonne, along with 5,000 tonnes of shredded, 6,000 tonnes of bonus and 2,000 tonnes of plate & structural (P&S) scrap at \$397.50 per tonne CFR.

The prices were higher than the previous deep-sea transaction on March 8, when a steel mill in the Iskenderun region booked a Baltic Sea cargo, consisting of HMS 1&2 (80:20) at \$375 per tonne and shredded and bonus at \$395 per tonne CFR.

As a result of the latest booking, the daily scrap indices rose on Tuesday March 12.

Fastmarkets' index for steel scrap, HMS 1&2 (80:20 mix), North Europe origin, cfr Turkey was calculated at \$377.51 per tonne on Tuesday, up by \$5.03 per tonne day on day.

The corresponding index for steel scrap, HMS 1&2 (80:20 mix), US origin, cfr Turkey was calculated at \$381.71 per tonne on March 12, also up by \$5.03 per tonne and leaving the premium for US scrap over European material flat day on day at \$4.20 per tonne.

The beginning of the Islamic holy month of Ramadan caused a slowdown in the Turkish finished steel market, sources said, although suppliers were unwilling to drop their prices due to a shortage of scrap.

But mills in Turkey still requiring scrap shipments for April, sources said.

Last week, the suppliers reported that Turkish mills were actively bidding for deep-sea scrap - seemingly looking to replenish stocks after securing some rebar export sales, sources added.

"There is not much scrap available at the moment - while the European economy is still weak - so, the demand from Turkey [and] the lack of supply might mean that prices hit the bottom last week," a trading source told Fastmarkets.

But other sources were more skeptical about the upward trend.

"I think it is still too early to say that the market [is moving] up. We must see more bookings to make sure," another trading source said.
